

# COLORECTAL CANCER AWARENESS

**A Free Virtual Event**

**Saturday, Oct. 23 2021  
10:30-11:30am**

## **A Web Seminar on Colorectal Cancer Awareness**

Excluding skin cancers, colorectal cancer is the third most common cancer diagnosed in both men and women in the United States.

Join us to learn more about Awareness, Screening, Prevention and New Recommendations from Dr. Kodali.

We are proud to host Dr.Vali P. Kodali, MD FACP, FACG, AGAF, as he discusses this topic with a Q&A session at the end of the seminar.

Dr. Kodali has been a gastroenterologist for over 25 years. He completed his training at Long Island College Hospital, William Beaumont Hospital, University of Miami School of Medicine and at the Mayo Clinic.

Vali P. Kodali, MD, FACP, FACG, AGAF  
Park Gastroenterology  
7560 Carpenter Fire Station Road, Suite 303  
Cary, NC 27513
